ELECTRICAL AND COMMISSIONING ENGINEER

QUALIFICATION :

Full skill Erection electrical supervisor and commissioning site engineer.

Field activity :

- * HV 225kV/63kV/20kV/6.6kV Distribution, Transformer, Generator
- * LV 400V distribution / UPS/ Instrumentation

Field experience:

- * Gas turbine power plant(simple and combinend cycle)
- * Thermal power plant (gaz and fuel power plant)
- * Nuclear power plant (PWR , EPR)

Motivation : BUILD

The most satisfaction for me is to start a new project when the land is virgin and leave when the power plant (or any installation) is connected to the network at time and safety.

I worked already in Egypt 2 years, Vietnam 2 years, and now in indien ocean.

I got big experience in Electrical Erection from 29 years.

I like theses jobs and the expatriate life because rich in culture and daily exciting .

Only expatriate statuts accepted
