Various

Small building company management

Occasional participation in defining and implementing of business strategies for a family small building company.
Creation of communication tools.

Natural web site optimization

Following my experience at Twenga I got interested in natural web site optimisation on Google. Having good knowledge of the best practices in web site content I developed my skills in web content optimization by creating blogs.

Music composition and text writing

Fond of piano music, I wanted to compose some songs myself. Today I have some 10 melodies and texts of my own. Later, I plan to make my CD.
